

LAURA FREEMAN

Education

BS, Accounting and Finance, Guilford College, Greensboro, NC

Professional Experience

Laura Freeman has a diverse background in engineering support services, including landfill and landfill gas (LFG), environmental compliance, and systems performance services. She also has permitting and accounting experience construction and engineering projects. Examples of her project experience include:

Landfill Gas Services

- Concord, NC, Republic Services Charlotte Motor Speedway Landfill –
 - Reviewed and evaluated the monthly GCCS monitoring data for NSPS compliance.
 - Prepared Monthly GCCS Reports for Engineers and Clients. These Reports include wellfield readings along with flow to the flare.
- Bishopville, SC, Republic Services Lee County Landfill –
 - Reviewed and evaluated the monthly GCCS monitoring data for NSPS compliance.
 - Prepared Monthly GCCS Reports for Engineers and Clients. These Reports include wellfield readings along with flow to the flare.
- Eastover, SC, Republic Services Northeast Landfill –
 - Assisted in performing the Initial Performance Test.
 - Reviewed and evaluated the monthly GCCS monitoring data for NSPS compliance.
 - Prepared Monthly GCCS Reports for Engineers and Clients. These Reports include wellfield readings along with flow to the flare.
- Mount Gilead, NC, Republic Services Uwharrie Regional Landfill –
 - Reviewed and evaluated the monthly GCCS monitoring data for NSPS compliance.
 - Prepared Monthly GCCS Reports for Engineers and Clients. These Reports include wellfield readings along with flow to the flare.
- Aulander, NC, Republic Services East Carolina Regional Landfill –
 - Reviewed and evaluated the monthly GCCS monitoring data for NSPS compliance.
 - Prepared Monthly GCCS Reports for Engineers and Clients. These Reports include wellfield readings along with flow to the flare.
- Cross Anchor, SC, Republic Services Upstate Landfill –
 - Reviewed and evaluated the monthly GCCS monitoring data for NSPS compliance.

- Fayetteville, NC, Cumberland County Ann Street Landfill –
 - Reviewed and evaluated the monthly GCCS monitoring data for NSPS compliance.
 - Prepared Monthly GCCS Reports for Engineers and Clients. These Reports include wellfield readings along with flow to the flare.
- Greensboro, NC, City of Greensboro White Street Landfill –
 - Reviewed and evaluated the monthly GCCS monitoring data for NSPS compliance.
 - Prepared Monthly GCCS Reports for Engineers and Clients. These Reports include wellfield readings along with flow to the flare.
- Moncks Corner, SC, Berkeley County Landfill –
 - Reviewed and evaluated the monthly GCCS monitoring data.
 - Compiled Flare data for Client.
- Honea Path, SC, Greenville County Twin Chimneys Landfill –
 - Reviewed and evaluated the monthly GCCS monitoring data.

Title V Services

- Wellford, SC, Waste Management Palmetto Landfill and Recycling Center - Prepared Title V and NSPS Semi-Annual reports documents. Including reviewing wellfield and flare flow data.
- Ridgeland, SC, Waste Management Hickory Hill Landfill - Prepared Title V and NSPS Semi-Annual reports documents. Including reviewing wellfield and flare flow data.
- Dorchester, SC, Waste Management Oakridge Landfill - Prepared Title V and NSPS Semi-Annual reports documents. Including reviewing wellfield and flare flow data.
- Columbia, SC, Waste Management Richland Landfill - Prepared Title V and NSPS Semi-Annual reports documents. Including reviewing wellfield and flare flow data.
- Bishopville, SC, Republic Services Lee County Landfill - Prepared Title V and NSPS Semi-Annual reports documents. Including reviewing wellfield and flare flow data.
- Eastover, SC, Republic Services Northeast Landfill - Prepared Title V and NSPS Semi-Annual reports documents. Including reviewing wellfield and flare flow data.
- Mount Gilead, NC, Republic Services Uwharrie Regional Landfill - Prepared Title V and NSPS Semi-Annual reports documents. Including reviewing wellfield and flare flow data.
- Aulander, NC, Republic Services East Carolina Regional Landfill - Prepared Title V and NSPS Semi-Annual reports documents. Including reviewing wellfield and flare flow data.
- Rougemont, NC, Republic Services Upper Piedmont Landfill - Prepared Title V and NSPS Semi-Annual reports documents. Including reviewing wellfield and flare flow data.
- Concord, NC, Republic Services Charlotte Motor Speedway Landfill - Prepared Title V and NSPS Semi-Annual reports documents. Including reviewing wellfield and flare flow data.

Construction - Permitting

- Upstate New York Region – NY Thruway Project: (see description below)
- Rochester, New York – Fiber Ring: (see description below)
- New Jersey – Northern New Jersey Turnpike Project and Princeton Overbuild:
 - Assisted Contracts Department in determining agreement conditions per construction;
 - Headed weekly meetings between Construction Managers, Project Managers and Client to update project advancement;
 - Created and updates schedules for Projects; including engineering services, design work, permitting, construction, material procurement and placement of construction crews for each part of the project phase;
 - Supported Engineers; assisting in engineering phase by riding route to determine potential permitting issues. Established route based on obtaining permits;
 - Reviewed CADD drawings to ensure specifications are correct for upcoming work;
 - Worked with State and County agencies, along with local municipalities to obtain all necessary permits prior to construction;
 - Worked with companies owning property to gain right-of-way use to install and perform construction on privately owned properties;
 - Continued working with Construction Managers to ensure crews were in locations that permits and materials were secured for, thus providing the most cost effective process;
 - Continued working with State DOT and County agencies to abide by all permitting conditions; including traffic control, construction agreements, and other conditions agreed upon in permits/contracts.

Accounting

- South Carolina: Prepared monthly accounting logs and budget reviews for engineering and construction services.
- Assisted in monthly invoicing and budget tracking.
