

## CLINT J. KUNTZ, SENIOR FIELD TECHNICIAN

### Specialty Certifications

40-Hour HAZWOPER, OSHA 29 CFR 1910.120

Certified John Zink Landfill Gas Flare School

Dangerous Goods Shipping

SCS Health and Safety Program and Requirements - Project & Site Specific Health & Safety Plan Development & Preparation, Job Task Safety Analysis & Personal Protective Equipment Assessment, Lockout/ Tag out procedures, & Behavior Based Safety Process & Observer  
SCS Standards of Business Conduct & Ethics

### Professional Experience

Mr. Kuntz has experience troubleshooting and maintaining landfill gas collection systems, pump installation and maintenance, construction of gas collection systems, and operation of various pieces of construction equipment. Mr. Kuntz also provides construction services and LFG well monitoring, extraction well balancing and adjustment, blower/flare station data collection and adjustment/maintenance, condensate system/sump maintenance, perimeter probe monitoring, groundwater well monitoring, ground water sampling/testing, surface emissions monitoring, control of gaseous emissions and non-routine scheduled repairs (leaks, pipe repair, etc.). He provides maintenance and repairs on extraction pumps, pneumatic condensate injection pumps, pneumatic condensate sump pumps, air compressors, thermocouple and electric component replacements. Mr. Kuntz's landfill gas collection system experience includes activated carbon systems, active air injection systems, passive landfill gas barrier/vent systems, automation methane gas detection systems, recovery plant compressor systems and landfill gas to energy.

Mr. Kuntz is experienced with construction and maintenance of numerous landfill gas projects, including the following:

**City of Montgomery, North Montgomery Landfill, Montgomery AL.** Performed landfill gas expansion upgrades.

**City of Montgomery, Black Warrior Landfill, Coker, AL.** System installation, start-up, and operation and maintenance of greenhouse gas project.

**Republic Services, Morris Farm Landfill, Hillsboro, AL.** Performed routine monitoring and balancing of landfill gas wells, component emissions monitoring, landfill cover integrity observations, abatement system device inspections/maintenance and liquid extraction pump maintenance.

**Republic Services, Pineview Landfill, Dora, AL.** Performed routine monitoring and balancing of landfill gas wells, component emissions monitoring, landfill cover observations and abatement system device inspections/maintenance and liquid extraction pump maintenance.

**Republic Services, Sand Valley, Collinsville, AL.** Performs routine monitoring and balancing of landfill gas wells, component emissions monitoring, landfill cover integrity observations, abatement system device inspections/maintenance, gas probe monitoring and liquid extraction pump maintenance.

**Republic Services, Swift Creek Landfill, Griffin, GA.** Performed routine monitoring and balancing of landfill gas wells, component emissions monitoring, landfill cover integrity observations, and abatement system device inspections/maintenance.

**Republic Services, Timberlands Landfill, Brewton, AL.** Performed surface emissions monitoring and perimeter probe monitoring.

**Republic Services, Hickory Ridge Landfill, Conley, GA.** Performed routine monitoring and balancing of landfill gas wells, component emissions monitoring, landfill cover integrity observations, and abatement system device inspections/maintenance.

**Republic Services, Roberts Road Landfill, Fayetteville, GA.** Performed routine monitoring and balancing of landfill gas wells, component emissions monitoring, landfill cover integrity observations, and abatement system device inspections/maintenance.

**Republic Services, Willow Ridge Landfill, Haleyville, AL.** Performed perimeter probe monitoring.

**Advance Disposal, Stone's Throw Landfill, Tallassee, AL.**

**Advance Disposal, Star Ridge Landfill, Moody, AL.**

**Advance Disposal, Eagle Point Landfill, Ball Ground, GA.**
